**I am a multiple sclerosis sufferer and I take cannabis.**

Cannabis is the best way for me to relieve the constant pain I am in from my condition and I don't see why I should be regarded as a criminal and risk prosecution for using this natural herbal remedy.

I recognise that a huge number of people suffering from a range of illnesses and ailments—including stress that effects almost everyone—could also benefit from a legal supply of this plant, or from being allowed to grow it. It is a plant from Mother Earth.

I have many friends in similar positions to myself with cerebral palsy, arthritis and heart conditions who all find relief through the use of cannabis. They are all informed, intelligent adults whose lives have been made considerably easier through cannabis, yet the present law threatens to criminalise them.

In addition, billions of pounds a year are spent in the UK trying to catch and prosecuting so-called 'recreational' cannabis users, at public expense and to no positive effect.

Many doctors and even many police want to see cannabis legalised and it has been declared by scientists as safer than aspirin.

There are millions of otherwise law-abiding people who are criminalized by this outdated and unwanted law.

By voting for me, your Legalise Cannabis Alliance candidate for Milton Keynes South West, you can help send the next Government a clear message that we want the law changed.

***If you use cannabis but don't see yourself as a criminal or  
if you don't use cannabis but believe prohibition is wrong or  
if you believe disabled people have the right to ease their suffering,***

**please vote for The Legalise Cannabis Alliance.**

If you would like to discuss this or any other issue, please phone me on the number overleaf.

Many thanks.

**VOTE PATMAN (Patrick) DENNING**
