

**Are you fed up?** Have you had enough? Are you sick and tired of Labour, Liberal and Tory? **I am!!**

I'm tired of listening to promises that I know will be broken. I'm fed up with even higher Council Taxes. I've had enough of not being listened to.

**You can** change things. **We can** change things. A vote for the Legalise Cannabis Alliance is a vote for a genuine alternative, a different way of looking at things.

I am not a "weirdo" or a "nutter" I'm just a concerned citizen who believes that to criminalise our youth, for smoking a "joint" whilst encouraging them to drink is a nonsense. Anti-social drinking and hard drugs abuse is a far greater problem in our community. I feel that the only way to tackle these issues is by being open and making radical decisions.

The people of Mile Cross can make the difference. A vote to legalise cannabis is a way of telling both council and government that things need to change.

Make a statement, vote for me and I promise that I will work tirelessly for the people of this ward and this city.

Vote for the Legalise Cannabis Alliance and say "I made a difference".

My name is Patrick Cadman. I work at the Norfolk and Norwich University Hospital in medical records. I am 48 years old and have a Degree in Psychology and Politics. I live in Mile Cross ward and feel the need to stand up and be counted.

I used to be a Trade Union official and an active Labour Party member until I got tired of all the broken promises. My decision to stand comes as a result of Labour, Liberal, Green and Tory hypocrisy on the issue of Cannabis Legalisation. Join me and make a difference.
